Learn how to prepare for, prevent, and respond to acts of violence in malls, schools, businesses, entertainment venues, hospitals, medical facilities, worship sites, and more by attending the Orland Fire Protection District's **Peaceful Warrior Training Group** event. This course is intended for public sector police and fire services. Instruction centers on the development of an active shooter response through a collaborative approach. Instructors will share lessons learned through real life experiences. Working together, police and fire quickly provide care to those victimized by active shooter incidents.
